Description

The unmistakable lines of Alco's PA diesel have been the canvas for many of railroading's greatest paint schemes. Showcasing that variety are five very different classic liveries in this release. Intended for passenger trains, in later years it was not at all uncommon to see these locomotives on the point of a fast freight either. Locomotives feature working Mars lights as appropriate for each road name and five selectable horns.

Both units powered!

Both locomotives are LEGACY® Control System equipped – able to run in LEGACY® Control mode, in TrainMaster® Command Control mode, or in Conventional mode with a standard transformer

Operate with Universal Remote or Bluetooth® Control via the Lionel LionChief App

Lionel Voice Control (LVC) - run your locomotive by speaking commands into your phone via LionChief App - available on select items – look for LVC logo

Odyssey® II Speed Control

IR Transmitter for SensorTrack™

Dual powerful maintenance-free motors with momentum flywheels

ElectorCoupler™ on front and non-working rear couplers on both locomotives

Traction tires

Refined Conventional Transformer Control mode with lower starting speeds

Fan-driven smoke unit in both locomotives

Adjustable smoke output

Directional lighting including LED headlights

Marker lights on front and rear

Illuminated number boards

Lighted cab interior

Die-cast trucks, pilot and fuel tank

Metal frame

High levels of separately applied metal details

Crew figures in lead locomotive

Track IR in lead locomotive

Mars lights where appropriate by road name

Lead locomotive equipped with LEGACY® RailSounds® sound system featuring:

CrewTalk™ dialog with different scenarios depending on whether the locomotive is in motion or stopped

TrainSounds that mimic realistic radio chatter when the locomotive is in motion or stopped

Six official railroad speeds with CrewTalk dialog

Eight diesel RPM levels

LEGACY® "Real-Time Quilling Horn" control with instant response for realistic signature "quilling" and correctly timed warning signals

5 different horns to choose from for a more customized experience

Single hit or continuous mechanical bell sounds

5 levels of bell pitching for customized sounds

Sequence Control: Plays the sound effects of an entire trip, including warning sounds and announcements, based on the movement and speed of the locomotive

Current speed and fuel dialog, refueling sound effects

PRODUCT SPECIFICATIONS

Road Number: 152A,152C

Gauge: O Gauge

Power: Electric

Engine Type: Diesel

Min Curve: O36

Dimensions: Length: 38" (19" each)
