Description

Enclosed autoracks are a common sight on the rails all across North America today carrying finished cars safely to markets. Utilizing traditional-sized O Gauge tooling, these autoracks are just the right size to capture the size of these large cars for most S Gauge layouts! Available in 4 different road numbers in four common contemporary paint schemes!

FEATURES:

- Die-cast metal trucks and Operating couplers
- Opening end doors
- Dimensions in 1/64 scale:
 - Length 68' 8"
 - Width 12' 8"
 - Height 21' 4"
