Description

These hearty switchers will be perfect power for your yards, industries and small freights. With an ElectroCoupler at both ends and additional power pickup from the tender wheels, these small locomotives are ideal for small layouts with lots of tight curves and switches.

LIONCHIEF PLUS STEAM FEATURES:

- Conventional AC transformer control mode or LionChief® wireless remote control with AC or DC power
- ElectroCoupler™ on rear of tender (controlled by remote or App)
- Operating headlight
- Synchronized fan-driven smoke
- On/Off switches for sound and smoke
- RailSounds RC™ sound system with steam chuffing and background sounds, whistle, bell, and useractivated announcements
- Adjustable volume (controlled by remote or App)
- Speed control for consistent speed at all ranges regardless of track condition or load
- Flickering firebox
- Chuffing sounds in sync with puffing smoke
- Powerful maintenance-free motor
- Die-cast metal locomotive body, frame, and trucks
- Die-cast metal tender body and trucks
- Metal frame on tender
- Engineer and fireman figures (no figures in Berkshire)
- Traction tires

ADDITIONAL FEATURES:

- Front and rear ElectroCouplers™
- Tethered connection between loco and tender for additional power pickup
