Description

LionChief[®] Plus locomotives offer our most-desired features with the flexibility of conventional or simple radio control at a price that makes expanding your railroad easier. Rugged, powerful and feature-rich, our growing line of LionChief[®] Plus steam has the power you need to take your layout to the next level. The Pennsylvania's A5 class of 0-4-0's worked hard around the ports and heavy industrial areas they served. Compact and powerful, the 0-4-0 was a popular design for railroads and heavy industries nation-wide. Our scale-proportioned A5 0-4-0 is back for the first time with LionChief[®] Plus control. To help serve your customers with ease, this LionChief[®] Plus steam locomotive is equipped with both front and rear ElectroCouplers[®]!

LionChief[®] Plus Steam Locomotives Features:

- Conventional AC transformer control mode or LionChief[®] wireless remote control with AC or DC power
- ElectroCoupler[®] on rear of tender (controlled by remote only)
- A5 0-4-0 equipped with ElectroCoupler[®] on front as well as rear of tender
- Operating headlight
- Synchronized fan driven smoke
- On/Off switches for sound and smoke
- RailSounds RC[®] sound system with steam chuffing and background sounds, whistle, bell, and user-activated announcements
- Adjustable volume (controlled by remote only)
- Speed control for consistent speed at all ranges regardless of track condition or load
- Flickering firebox
- Chuffing sounds in sync with puffing smoke
- Powerful maintenance-free motor
- Die-cast metal locomotive body, frame, and trucks
- Die-cast metal tender body and trucks
- Metal frame on tender

- Engineer and fireman figures
- Traction tires

Length:

- Camelback 17 1/2"
- Mikado, Pacific and Hudson 19"
- Minimum Curve: O31
- LionChiefâ„¢ Plus Steam

Remote Features:

- Forward and reverse speed control knob
- Buttons for whistle sound, bell, special announcements and ElectroCouplerâ„¢ activation
- Requires three AAA alkaline batteries (not included)
